

Department: Mining Engineering

Division: Mining Exploitation and Rock Mechanics

Level and Major: BSc, Mining Exploitation and Rock Mechanics

Course Title: Technical Services in Mines2

Number of Credits: 2

Prerequisite: Fluid Mechanics

Lecturer: Eng. S. Hassan Madani

Course Goals and Objectives

Lighting-compressed air-power distribution

Course Topics

- Lighting elements
- Light planning
- Compressed air elements
- Planning-installation
- Power distribution elements
- Planning
- Installation
